

Remember this little guy - No it's not Alfred E. Neuman! It's Tony Fawcete. Oh, I mean Tony Fauci. Mr. Flippy Floppy. It's my opinion s well as many others: This S.O.B. belongs in the custody of the United States Bureau of Prisons.

This well-educated multi-millionari (That's Italian for maybe having a lot of USD and Euros in Swiss and Cayman Island bank accounts that no one knows about. Hush up!) He got his Buns toasted or I should say burnt to a crisp on both sides while being questioned by Sen. Paul Rand during Senate Hearings. His usual smart smirk vanished! Watching the reruns online, I thought my new 2021 HDTV went retrograde to 1958 Black & White. That's when the blood drained from Flippy Floppy's face fading to pinkish white when Sen. Rand mentioned how he financed Dr. Shi Zhengli a/k/a "The Bat Lady of China" 2015 studies at the University of North Carolina. What was she studying? Maybe, how to get Bat viruses to jump from Bat's to Humans. I mean what else? When you think about it, who the hell or why the hell study freaking Bats? I mean you're not going to make a billion dollars in the field of Veterinary Medicine curing Bat ailments. I have not checked lately, but I don't think the number of people who keep Bats as pets is exactly a growing hobby or vocational choice. Also, Sen. Rand went on to questions about how Mr. Floppy directly helped finance the creation of the Wuhan, China Bio-lab using redirected U.S. Taxpayers money. Also, it's unknown how much money the Chinese Communist Party kick-in since the U.S. taxpayers didn't pay 100% of the cost. You got to wonder if the CCP kicked in some of their own Bead and how much? If so, what did they want in the deal? Do you think the Wuhan's Bio-lab with a lot of U.S. taxpayer Buck-a-roos invested would be a great cover for a secret CCP Bioweapons lab? That's an interesting thought?. Nah, that couldn't be, could it? Oh, wait, maybe Tony put up his own Moo-la. Hey, did you know Tony Boy works for the U.S. Government and his base salary is more than the President of the United States, actually he is the highest paid U.S. Government employee and that's without all the perks, retirement plan, medical and dental and I wonder, does he get much overtime! How much does this guy really make? Try nearly \$500,000.00 per year and he doesn't even stick a "Ah Stick" in a person's mouth asking them to say, "Ah." Ah, what a deal! Guess what, you can't find out what Tony Baby's net worth is - My research has it between \$3,000,000 and 12,000,000 - but basically, Who Knows? Thank you Sen. Paul Rand for asking the important questions.

I think Tony might have recently been experiencing sleepless nights as more and more info is starting to seep out about COVID-19 and it's Wuhan Lab origin. Suddenly, after more than a year and five months, a dozen print and TV interviews where he repeated the Chinese Communist Party and W.H.O. line of Propaganda, that the Virus was created by Mother Nature. He has started to tap dance to a different tune! Wow, now he's moving towards the opposite direction while his boss President Biden is still covering for the Chinese Communist Party saying it's a natural thing, Hey Joe, it's past your Nap Time!

When Dr. Tony was asked if he still believes the virus was created in nature he answered: "No, actually." "No, I'm not convinced about that (he was convinced for a year and a half). I think that we should continue to investigate what went on in China until we find out to the best of our ability

exactly what happened. Certainly, the people who've investigated it (Chinese Communist Party & W.H.O.) say it likely was the emergence from an animal reservoir that then infected individuals, but it could've been something else, and we need to find that out. So, you know, that's the reason why I said I'm perfectly in favor of any investigation that looks into the origin of the virus."

I have a question, how did an old guy like me living in good old USA farmland know exactly what happened weeks after it happened while being 7,004 miles away. In January 2021, I wrote you emails telling you the virus came from a Chinese Communist Party Bioweapons Lab in Wuhan, China. I did reluctantly attach a copy of the India scientists report. Dr. Tony Fauci works for the U.S. Government as the top guy - #1 guy dealing with Infectious Diseases. You would think one of the Government's many so-called Intelligence assets listed below would know exactly what was going on and exactly what was happening and that they would have consulted Tony. Or, could it be that since it was something that the "Deep State" wanted kept quiet - Tony toed the line! I mean for God sake! Are you telling me I knew this and not one of the U.S. Intelligence groups for which the taxpayers are paying billions of dollars a year knew, they were clueless? I think that is impossible!

There are more, I am getting tired typing!

Just now, as I am writing this email, one of our 16 friends sent me an article from yesterday's Wall Street Journal. Written by Michael Gordon, Warren Strobel and Drew Hinshaw. The story deals with the U.S. State Department being aware as early as November 2019 that a significant number of workers at the Wuhan Institute of Virology became very ill and were hospitalized with what eventually became known as COVID-19 or the CCP Virus. A source described this information as being of "exquisite quality" another person said, "it was "intelligence strong." Since it was in the last days of the Trump administration it is unsure if the information was passed on to President Trump. But, it does catch the Chinese Communist in a big lie since they have officially stated that they were not aware of this Virus until the first man fell ill on December 8, 2019. Not true at all.

I wonder if Floppy Tony is worried about the Nuremberg Trial and charges of Crimes Against Humanity. After all, DAVOS is named as a Defendant.

Now, do me and yourself a big favor - Go to this web site:

<https://www.weforum.org/events/the-davos-agenda-2021/>

PLEASE Read the AGENDA very carefully, click on "Learn More" and read that very CAREFULLY. Read the "Agenda" to the left of the "World Economic Forum" logo. Next scroll down and look at who the main guest speakers are. Then scroll up and Click on "Participants." Take a look at that lineup - but don't be surprised when you scroll down to "Leaders from international organizations, government agencies and central banks." Now, did you find Uncle "Doc" Tony? Just a member of that old "smirking" gang at U.S. Congressional Hearings!

Ladies and Gentlemen, could this be that mystery group you often hear referred to but without anyone's personal name mentioned? Could this be the Real "DEEP STATE." The complete membership list is impossible to see, but what you are seeing at this web site is the MOST powerful group of people in the World - the most powerful. The actual membership is overflowing with nothing but billionaires galore! There is one guy that I am sure is not a DAVOS member. He is a particular street smart New York City based Real Estate Developer turned Politician who appeared on the scene in 2016 and flipped the DAVOS Applecort totally upside down. After reading carefully the AGENDA - I ask you, who the hell appointed, elected or selected these power INSANE people the right to CHANGE THE WORLD? When people in this position of power ban together and believe they have the authority or the right to shape the entire world like a bunch of Gods with no mention whatsoever of the wishes, or the views, the hopes, the dreams and all those other things people of different cultures, religions and nationality so desire. Really in plain simple language - Who the hell do they think they are?

The United States of America has spent its lifetime fighting evil tyrants from King George III, Hitler's Third Reich, the Japanese Empire, World Communism and the Middle East Terrorist. We will never stop fighting tyranny. Our nation will not be under the controlled or other world leaders. We will not be dictated to and have our minds reformed and brains washed by a group of billionaires including those that control the world's Internet communications. "We The People" means the People who are Citizens of the United States of America will decide their own destiny!

A Russian friend said to me, "When the pain gets unbearable, people will rise up and risk everything to bring about change." I told him, in America \$8.00 a gallon plus should do it!

Oh, I found out who is overseeing Quality and Safety at the Johnson & Johnson vaccine production plant in Europe. This is the guy:

His last name is Bean - Can't find his first name.  
They say he has away with details!
